Times Table Facts

Each week we will focus on a times table set. When children are tested on the Friday, they will need to be able to recall both multiplication and division facts as well as related facts such as 700×800 , 9000×3 and $540 \div 90$. Log on to Times Table Rock Stars - this is a fabulous resource to help learn times tables.

Optional Activities - due in by 11th December 2017

For children who wish to extend their learning even further, these are possible ideas for additional activities you may wish to complete. During this time, any child who wishes to showcase their spelling and times table talents, will also be given the opportunity to do so as well.
