■ Yes ■ No ■ Unsure

Q7. Please use this section to make any further comments or ask questions.

Response 1: What material will you be using for RSE? And where can I access the material?

Will any aspects of sex education be covered? If so please can I have details of what you will be covering and how?

*We will be using a mixture of carefully planned and age appropriate resources from both Jigsaw PSHE and the Rotherham PSHE scheme. Parents/carers will be invited to a virtual information session in the first instance to view the materials and resources we will use in school. Once the restrictions allow, we will invite families in to school to complete a follow up information session.*

*Certain aspects of sex education will be covered in year 6 and the scientific explanation will be covered in year 5. Everything we are doing as a school is outlined in our sex education policy which can be found here: <https://bsjs.co.uk/school-policies>*

Response 2: I would like to say how much we value this subject as a parent, particularly in the current climate.

*We too, as a school, highly value this subject and the skills it equips our children with to be able to live in society correctly and confidently whilst also having a voice.*
