

Year 5 Homework Spring Term II 2018

Spellings

Spellings will be tested weekly on the dates below. Encourage your child to practice their spellings until they are confident at recalling them written or verbally. We will learn the spelling rule and practice the spellings during the week.

Friday 23 rd February	Friday 2 nd March	Friday 9 th March	Friday 16 th March	Friday 23 rd March

Times Table Facts

Each week we will focus on a times table set. When children are tested on the Friday, they will need to be able to recall multiplication facts up to x12. Log on to Times Table Rock Stars - this is a fabulous resource to help learn times tables.

X 7	X 8	X 9	X 11	X 12
-----	-----	-----	------	------

Optional Activities - due in by Friday 16th March 2018

For children who wish to extend their learning even further, these are possible ideas for additional activities you may wish to complete. Optional activities may be completed independently or with adult help. Children completing additional work will be invited to share this in a homework celebration assembly. During this time, any child who wishes to showcase their spelling and times table talents will be given the opportunity to do so as well.

Model Making Build a model of our solar system (or part or it!) Make a sundial and explain how it works. Build a replica of a famous rocket from one of the Apollo missions.	Moon Phases Track the moons phases over a month. Record what you can see in photos or pictures. Research the names of the phases and label your work.	Popular Music Listen to and research music that was popular at the time of the moon landing. Write a review of your favourite piece or create a presentation about the artist
Create An Alien Create a new alien species. Draw, paint or make a collage of it. Name it and write a description	Space Race Design and make a board game called space race. Make up the rules and play it with your friends.	Training School Develop a fitness training plan for a trainee astronaut. Select and test various strength and aerobic exercises and put together a weekly plan for an astronaut to follow.
